Recommended Materials/Tools

	Article no.	Quantity
CREALL Modelling tools – Set, approx.. 140 mm, 14 pcs	494933	1
Rolling pin Mini approx. Ø 40 x 230 mm		1
Paint protector for children 3-6 year old		1
Crotchet hook, approx. 140 mm long, 3,0 mm	521773	1
Crotchet hook, approx. 140 mm long, 3,5 mm	521784	option

Necessary tools

Mat, backing paper, modelling roller, wooden skewer, brush, water in a cup, rolling pin.

Take the SIO2 PLUS® - soft clay. Using the rolling pin roll a 15 - 20 mm thick plate. Cut it into parts. Form the little monster according to your imagination. Use wooden skewer to make holes for the hair in the clay-monster. Leave the models approx. 1 - 3 days to dry (drying time depends on the size of the model).

Paint the monsters with your favourite colours. Leave them to dry.

Fix the wiggly eyes with the craft glue. Again, let it dry. Draw mouth, nose and teeth with the edding permanent marker. Make the hair of the wool. You can attach them with some glue or knot them in the holes.

Tip
You can make the monster waterproof by spraying them with the weatherproof paint.

OPITEC Creative team wishes you lots of fun!
