Cotton yarn – cotton print aran, patina, 50g	591978	1
Handcraft yarn – Catania, white, 50g	542522	1

Recommended materials/tools

Silhouette scissors – Creative set, 2 pcs	306519
Hot glue gun	301471
Pompom form set, 4 pcs	521924

1
At first the pompons will be made and later they will be glued to the disc. Find the proper size of the pompom form. First, use half a pompom form and follow the enclosed instruction.

2
Next wrap the form with cotton yarn. Each half of the pompom form should be at least three times wrapped so the effect of real pompon is achieved.

3
Now join both halves of the form.

4
Cut the outside edge of the form using the scissors.

5
Put the cotton yarn through the the middle part of the pompom.

6
Knot both ends.

7 Cut the ends of the yarn.

8 Now you can remove the pom-pom form. You can trim the pom-pom so it look nicer. Your first pom-pom is finished.

9 Make as many pom-poms as you wish in the same way.

10 Make your dream composition and play with colours.

11 When you decide what your decoration should look like, you can finally glue the pom-poms to the disc.

12 Now your colourful wall decoration is finished.

OPITEC Creative team wishes you lots of fun!
