| School weaving frame set | 306519 | 1 |

1 Prepare the frame according to the enclosed instruction and pull cotton yarn several times.

2 Cut the colourful cotton wool yarn so the parts have the same length.

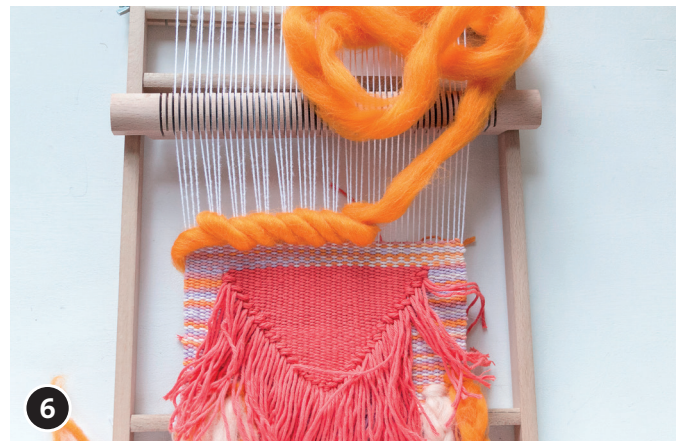

3 Start weaving the cotton yarns to create fringed look

4 In the next step, you add your personal features. You can combine various colours and geometrical shapes together.

5 Now you must prepare sheep wool.

6 Roll the wool so it is easier to weave it.

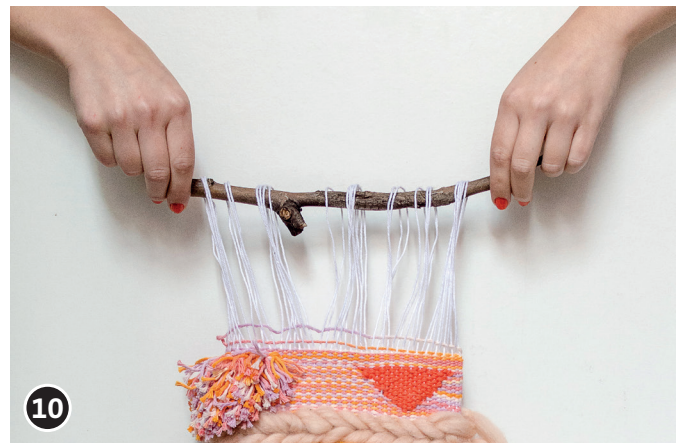

Cut the ends of the yarn to make it triangle.

Take the woven design out of the frame.

Knot the bottom ends of the decoration to make it stable.

To make your decoration look even more Ethno style hang it on the branch.

OPITEC Creative team wishes you lots of fun!
