Rocailles Mix	711707	1

#### Recommended materials/tools

Jewellery pliers – set of 3	512509	1
-----------------------------	--------	---

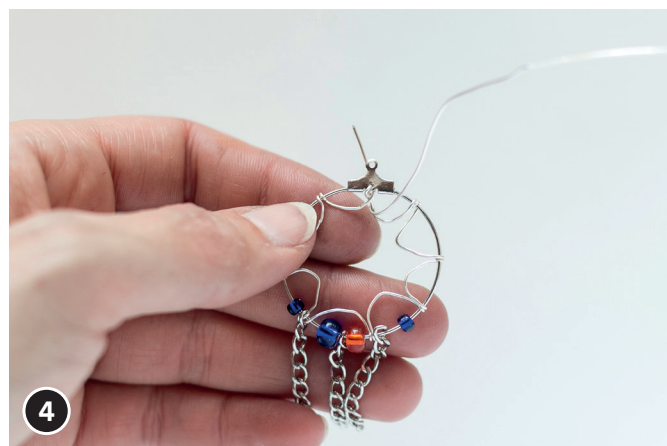

At first cut the chain into 3 parts, the length depends on your wish.

Next thread the chains and beads on the Creole earring.

You will need approximately 500 mm of the wire.

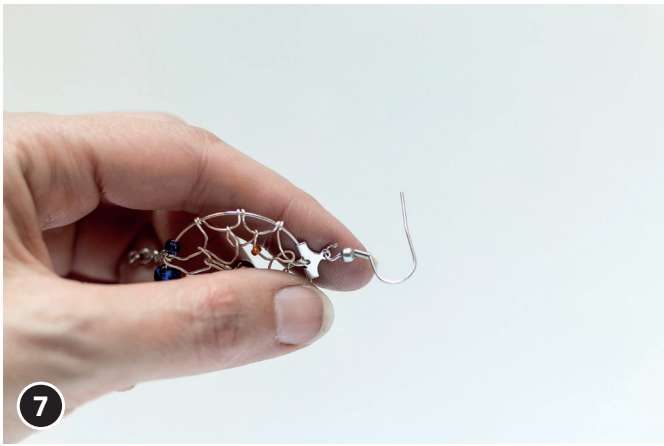

Wrap the wire around the Creole. Weave the remaining wire in the usual dream catcher pattern. Thread more beads and close the dreamcatcher in the middle with one silver rocaille bead.

Decorate your dreamcatcher with the required additional deco elements.

Now hang the items you want, depending on your taste. Your creativity can be endless. You can use key pendant, feathers, stars, etc.

Joint the earring loop and the feather dreamcatcher.

Leather cords can be added for the finish.

Now your dreamcatcher earring is finished.

*OPITEC Creative team wishes you lots of fun!*
