One step into summer with garden stepping stone

**Required items**

	Article no.	Quantity
Creative – Casting cement, 2,5kg	570152	1
Lace ornaments, 3 pieces	504434	1
Mould – Square, approx. 250x250mm	588478	1

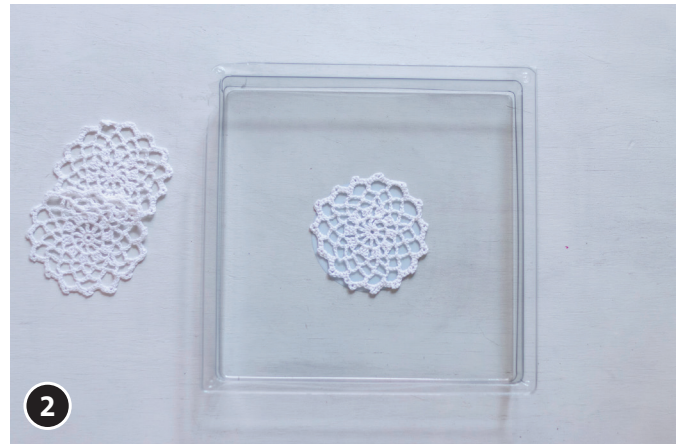

Recommended materials/tools

Parcel tape 50mm x 66m	898120
------------------------	--------

1

At first prepare the casting cement according to the instruction.

2

Put the lace ornament at the bottom of the mould. It will decorate your stones.

3

Put some cement on the template. Be careful not to move the ornament.

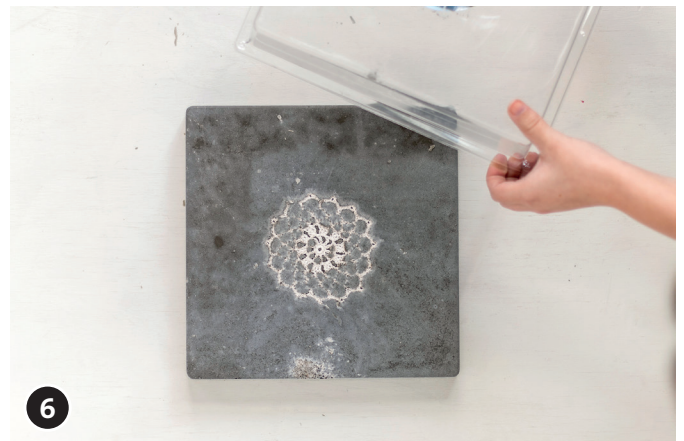

4

Put the rest of cement into the mould.

5

Smooth the surface of the cement with the spatula.

6

Leave the cement to dry. Then remove the stone from the mould.

You can also remove the ornament template using some sharp tool.

Now your stepping stone is finished!

Now your earrings are finished.
