Jewellery pliers, set of 3	512509	
Bead Threading Board	420620	

## Instructions: Necklace

1. Cut from the chain 2 x 380 mm long pieces.
2. For the clasp hook in on each side an intermediate ring and attach on one side a carbine.
3. Mount an intermediate ring at the other end of the chain. Now hook on each side of the chain 3 chain links of the remaining chain and repeat the procedure with 4 chain links.
4. For the first cross bar, thread 2 rocailles - 1 rubber disc - 2 glass beads - 2 rocailles.
5. Bend an eyelet with the eyelet pliers and hook in into the upper spacer rings on both sides.
6. At the second cross bar thread 6 rubber discs - 3 rocailles - 3 glass beads alternately. Bend an eyelet with the eyelet pliers and hook in into the second spacer rings on both sides.
7. Thread 8 glass beads on the lowest cross bar. Bend an eyelet and hook in into the last spacer rings on both sides.
8. Per hanging part thread a jewellery pin with rocailles, glass bead and rubber disk. Bend an eyelet and hook in into a spacer ring.
9. In the last spacer ring add a hanging part again that should end with feather or rubber disc.
10. Cut about 5 pieces (approx. 50 mm length) from the remaining chain. Thread the chain pieces and the prepared hangings alternately into the lower transverse pin between the glass beads.

Total length: 500 mm

---

## Instructions: Bracelet

1. Cut an approx. 180 mm long piece from the chain (depending on the desired length).
2. Thread rocailles and rubber discs of different colours and length on the prism pins.
3. Bend one eye with the pliers and hook a chain link offset.
4. Hang tassels and metal pendants in a spacer ring and attach to a free link.
5. Mount a spacer ring at both ends of the chain and a carbine on one side.

Total length: 190 mm

## Instruction: Earrings

1. Cut an approx. 30 mm long piece from the chain (depending on the desired length). Center the chain, mount a spacer ring and hook in into the eyelet of the ear spring.
2. Mount a spacer ring at each end of the chain.
3. Mount a piece of chain with 4 links in these spacer ring and add a further spacer ring at each end.
4. For the first cross bar, thread 3 rocailles - 1 rubber disc - 3 rocailles to the jewelery pin .
5. Bend an eyelet with the eyelet pliers and hook in into the upper spacer rings on both sides.
6. For the second crossbar thread 6 rocailles to a jewelery pin.
7. Bend an eyelet with the eyelet pliers and hook in into the upper spacer rings on both sides.
8. Per hanging part thread a jewellery pin with rocailles, glass bead and rubber disk or chain pieces. Bend an eyelet and hook in into a spacer ring.
9. Add another hanging part In the spacer ring. This one should end with a feather or rubber disc.
10. Cut 2 pieces (approx.40 mm length) from the remaining chain. Thread the chain pieces and the prepared hangings alternately into the lower transverse pin between the glass beads.

Total length: 100 mm
