Recommended Tools/Material (Tools/Material are not included in delivery)		
Pliers, set of 6	304609	
Bead Threading Board	420620	
Ruler	366418	

1. Cut the stainless steel wire loops (depending on the desired length) by 15 / 20 / 25 mm.

1. Wire: String up the beads according to image. Add a crimp bead before and after each bead.

2. Wire: String up the beads according to image. Add a crimp bead before and after each bead.

3. Wire: String up the beads according to image. Add a crimp bead before and after each bead.

1. Wire: Align the beads and fasten the crimps.

2. and 3. Wire: Orient the beads to the first (second) wire loop and fasten the crimps.

Between the last beads and the closure should be 80 mm.

Place the wires in the caps on both sides and fix them with a pliers.
