Recommended Tools/ Material (Tools/ Material are not included in delivery)		
Scissor	567663	1 x
Electronic Pliers, set of 6	304609	1 x

OPITEC

1

Cut the imitation leather cord, x 10 - 15 pieces with a length of 10 cm each. Repeat this process for each colour (depending on desired length and thickness , cut more or longer pieces).

2

Put the bunch through a keyring. The ends of the bundle should lie on each other.

3

Wrap the bundle strongly with a approx. 15 cm long imitation leather cord piece beneath the keyring.

4

Knot it firmly and cut the ends short.

Hint
Thread wooden beads on a piece of imitation leather cord and feed onto the ring. Perfect for bags, pendants or chains.

Have fun!
