Recommended Tools/ Material (Tools/ Material are not included in delivery)

Electronic Pliers, set of 6	304609
Pliers for making eyelets	725133
Bead Threading Board	420620

1 Thread the black glass cut beads and some metallic cubes on a jewellery pin and bend an eyelet in the pin (see picture).

2 Cut off the metal chain two 220 mm long pieces and mount the jewellery pin (see picture).

3 Thread metallic cubes and Rocailles on a jewellery pin and bend an eyelet in the pin. Cut off the metal chain two 240 mm long pieces and mount the second jewellery pin. Attach metal pendants (square, triangle, hexagon) at will in the chain.

4 Put the shorter chain inside and attach a spacer to the ends. Mount a carabiner clasp at one side.

Total Length: approx. 500 mm

Have fun!
