Enchanted Forest Mirror

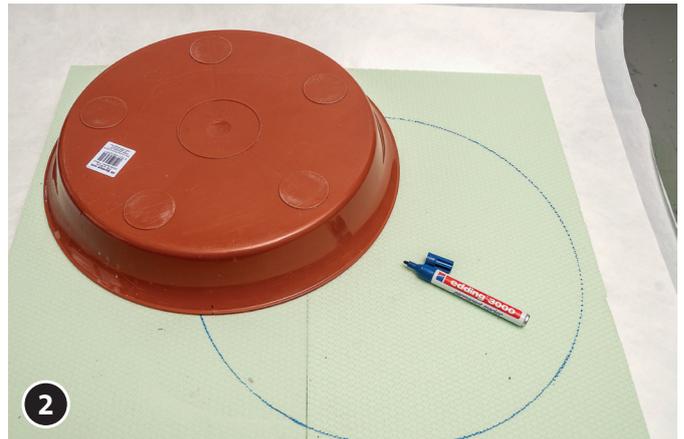

Material Used	Article Number	Quantity
Hard Foam Styrodur, 500 x 300 x 40 mm	872551	2
Mirror, approx. ø 180 mm, approx. 4 mm thick	425723	1
Shards - Mosaic Mini approx. 10 - 30 x 4 mm, 200 g, black / white mix	563566	3
Shards - Mosaic Mini approx. 10 - 30 x 4 mm, 200 g, green mix	563588	1
Mosaic - Mother of Pearl Polygonal Mix approx. 10 - 25 mm, approx. 300 g	575026	1
3D-Kit Silicone Glue, 80 ml, transparent	314798	1
Mosaic - Grout Filler Weatherproof 200 g, white	577556	2
Mosaic Grout, 250 g, white	539686	alternatively
Recommended Tools		
Disposable Protective Gloves, 100 pieces, Size M	936396	1
Disposable Protective Gloves, 100 pieces, Size L	942458	alternatively
Polystyrene and Hard Foam Cutter	305672	1
Cutting Wire, approx. 75 mm long, 5 pieces	305683	1
Camelion® Standard Battery, 1,5 V Mignon (AA), set of 2	210625	4
STEINEL® Glue Gun Gluematic 3002	319101	1
Glue Sticks, approx. ø 11 x 200 mm, 25 pieces	301139	1
Imitation Leather Cord approx. ø 1 mm, 5 m/reel, light brown	305395	1
Tools Required		
Working pad, scissors, measuring tape (ruler), (permanent) marker, compass, kitchen roll, measuring cup, mixing bowl, spatula, sponge, cloth, disposable gloves, drilling machine with wood drill (or hand drill), root wood (or strong branch), hot glue gun with glue sticks, wire or firm cord		

Basic Instruction Mosaic

1. If necessary, draw a mosaic surface with a pen on the base.
 2. Fix the mosaic tiles with glue to the support.
 3. Allow the glue to dry overnight.
 4. Mix the grout compound with water according to product instruction.
 5. Spread the grout on the mosaic surface wearing gloves.
 6. After approx. 15 minutes remove excess grout with a damp sponge.
 7. Repeat this process several times.
 8. Allow to dry overnight.
 9. Polish the mosaic surface with a dry cloth.
-

Fix both Styrodur panels lengthwise with silicon glue.

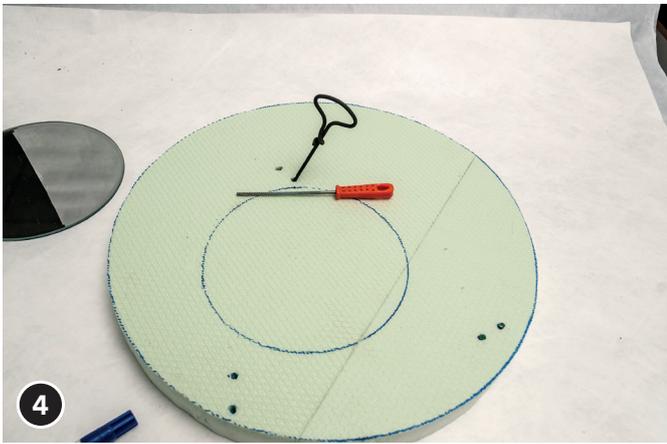

Draw a circle on the panel with approx. \varnothing 40 cm.

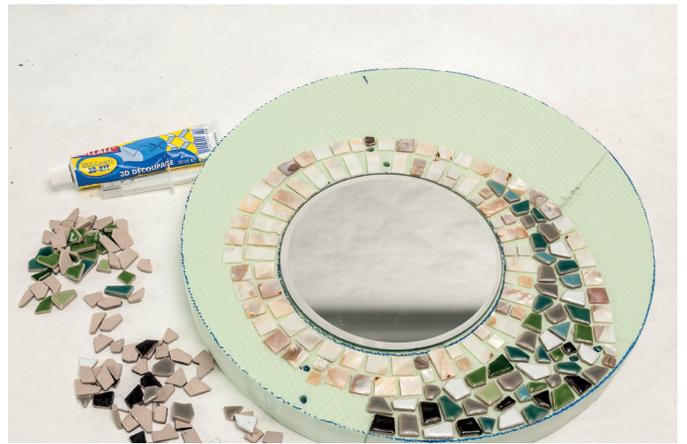

Cut the circle along the line with the polystyrene cutter.

Place the mirror and mark the outline with a pen.
Bore holes into the panel for fixing the wood root. Remove wood root.

Fix the mirror and the mosaic tiles with silicone glue (front side and edge).

Grout mosaic area with grout (basic instruction).

Through the holes in the polystyrene panel
fix the branch with cord.
