New Wool Set, fairytale sheep's wool suitable for wet and needle felting, assorted colours, total 100 g, set of 12	528733	1
Elastic Band, approx. ø 1 mm x 25 m, black	579606	1
<b>Recommended Tools</b>		
OPITEC All Purpose Glue, 100 ml, transparent	301667	1
OPITEC All Purpose Glue, 1000 ml, transparent	301690	alternatively
STEINEL® Glue Gun Gluematic 3002	319101	alternatively
Glue Sticks, approx. Ø 11 x 200 mm, 25 pieces	301139	alternatively
<b>Tools Required</b>		
watertight surface, bowl of water (plaster bandages), scissors, brush, glass of water, kitchen roll, all purpose glue (or hot glue gun with glue sticks), side cutter, hairspray, petroleum jelly (skin cream with oil)		

1. To model the nose, moisturise the nose with petroleum jelly.
2. Cut plaster bandages into approx. 5 cm long strips. Moisten them with water.
3. Apply first layer of plaster bandages horizontally on the nose.
4. Place second layer of plaster bandages vertically.
5. Apply layers until the plaster nose is stable (approx. 8 layers).
6. Remove plaster nose and let it air dry overnight.
7. Now attach the nose to the glasses by using more plaster bandages.
8. Coat the glasses with plaster bandages, too.
9. Let plaster bandages dry overnight.
10. Colour the mask and nose with paint, if desired sprinkle the still moisten colour with glitter.
11. Attach feathers or wool (for mustache) with glue (or hot glue gun).
12. The mustache can be fixed in desired shape with hairspray.
13. Form glasses by using pipe cleaners.
14. Glue glasses onto the mask with glue (hot glue gun).
15. Position gemstones at the desired location.
16. For a better fitting of the glasses, attach a piece of elastic band (measure the size of the head) to the paper art glasses.
