STEINEL® Glue Gun Gluematic 3002	319101	1
Glue Sticks, approx. ø 11 x 200 mm, 25 pieces	301139	1
Tools Required		
support, scissors, kitchen roll, bristle brush, cup of water, cutter, spatula, colour palette, disposable protective gloves, embroidery needle, embroidery yarn, hot glue gun (with glue sticks)		

1. Cut the template of the ballerina with the SILHOUETTE CAMEO 3® cutting plotter. (The template can be found at www.opitec.de/Vorlagen)
2. Alternatively, cut the attached template by hand with a cutter or scissors. This means to cut all black areas and contours, these are transferred with spray. (In advance copy template in your desired size.)
3. Prime the canvas with Deco & Lifestyle Hobby Paint light blue (bristle brush).
4. Place desired colours on a spatula.
5. Strip the colours off the spatula on the canvas - spatula technique.
6. Set accents on the canvas using the spatula technique.
7. Let the paint dry.
8. Place the ballerina template on the canvas.
9. Press the template slightly onto the canvas and spray it with black paint. Protect you hands with disposable gloves.
10. Remove template and allow colour application to dry.
11. Cut the gauze to the desired size. Attach the gauze in a wavy pattern (tutu) by using needle and thread.
12. Glue the curled gauze (tutu) onto the canvas frame with a hot glue gun.
13. Minimize desired mosaic stones with the mosaic pliers.
14. Fix mosaic tiles with silicone glue on the canvas.
15. Attach some of the stones as clothing to the body and tutu.
16. Let the silicone glue dry overnight.

Have fun creating and enjoy!
