OPITEC

Instructions chain:

1 Thread glass beads with pearl thread and pearl needle.

2 Depending on the desired length, approx. 65 glass beads and finally a crimp bead and a calotte are threaded on each end.

3 Fix the crimp beads and calottes and attach an intermediate ring.

4 There are 4 strands needed about 350 mm long.
Now thread about 90 Antique Rocailles (different colors).

OPITEC

Instructions

5 At each strand beginning a crimp bead is fixed.

6 At each strand end a crimp bead and a calotte are threaded.

7 Fix the crimp beads and calottes.

8 For each Antique Rocailles strand, an intermediate ring is hung and in the 4 rings again each a ring.

9 In one ring of the 4 strands the ring of the glass bead strand is hung.

**10** Thus, the chain is closed from behind. At the front, the Antique Rocailles strands are hung in the glass bead strand.

Instructions Bracelet:

1

Put on loom, antique seed beads, pearl thread and pearl needles

2

Stretch 6 pearl threads in the weaving frame.

3

The pearl threads are pulled from the back to the front.

**4**

Thread 5 Antique Rocailles.

OPITEC

5

The Antique Rocailles from bottom to top in the bead thread
Press rows and pull with the pearl needles.

6

Antique seed beads offset in the colours thread.

7

Antique seed beads in approx. 39 rows (depending on the desired length)
thread.

8

At the beginning and at the end are still the
threaded transparent green seed beads.

9

The protruding pearl threads become firm with each other
knotted.

10

To attach the closure to the bracelet,
the transparent green seed beads through the opening
push the lock.

OPITEC

Instructions

At the end, tighten the closure with a pair of pliers.

Extension chain and intermediate ring in the eyelet of the Hook in the lock.

On the other side of the clasp the carabiner hook in with intermediate ring.

Total length: approx. 330 mm.
